Our mission is to provide members and the sector with the opportunity to access the best professional learning and development programme.

Developed by practitioners, for practitioners. Our learning and development offering is integral to the culture of learning that is core to the purpose of the IPFA and is to enable infrastructure professionals to unlock their potential as individuals, teams and across organisations with the aim of benefitting the IPFA member community and our industry overall.

· · ·	·	IPFA Learning Key Features
e 19		
• •		By industry practitioners for industry practitioners.
•		IPFA Learning is mutually beneficial : courses are created by member organisations who benefit in many are typically current practitioners, so courses are up to
		ways by sharing their knowledge and expertise creating date, relevant, contextual and combine structured
		a shared learning experience, as well as contributing to learning with knowledge transfer. the professional development and progress of the
• •		member community and industry overall • IPFA is a trusted partner with a 25 year heritage
		 Global coverage – IPFA is 'member-driven' by region
• >	•	Breadth of subject matter expertise - IPFA is the only and sector, so we will have a range of courses that are
•		global professional cross-sector body so has current and designed to cater to specific regions / knowledge and can offer training applicable to all geographic markets.
• •		vertical sectors.
	•	An agile and flexible learning proposition - As an agile and flexible network, IPFA can offer agile and flexible
		and flexible network, IPFA can offer agile and flexible training* options / solutions.
• •		training options / solutions.
÷ .	8	High value learning at a lower east - IPEA is not for
• ;•	e	High value learning at a lower cost - IPFA is not for profit which means courses that are high value can be
•		profit which means courses that are high value can be offered a lower cost than commercial professional development providers
• •		development providers.
		Professional development and progression

About our courses

• Our educational programmes provide essential and practical learning and development.

Learning

ΙΡΕΛ

- Enhance your infrastructure and project finance knowledge whilst networking with fellow trainees.
- Pitched at different levels, our courses will support you at different stages of your career.
- All of our courses are delivered by experienced practitioners who have negotiated successful projects. Using case studies chosen for their relevance to the country and sectors involved, you will receive practical guidance on the fundamentals of infrastructure and energy financing.
- Accessible to all. Members receive discounted rates.

Professional development and progression By practitioners for practitioners
