

IPFA

The background image shows an offshore wind farm under construction. A large yellow crane is positioned on a platform, lifting a massive wind turbine component into place. Several other wind turbines are visible in the distance, standing in the dark blue sea under a cloudy sky. A thick yellow vertical bar runs down the left side of the image, and a horizontal yellow bar crosses the lower third of the image.

Connecting and empowering the world of infrastructure and energy

What's coming up in 2025

2025 Themes

Our programming and resources will cover the breadth and depth of infrastructure investment, with a leading focus on the **energy transition.**

- Green & sustainable infrastructure
- Emerging technologies (carbon capture, hydrogen)
- Energy system challenges
- Nuclear energy & SMRs
- Transport electrification
& mobility solutions
- The evolving impact of policy
& regulation
- Digitalisation & connectivity
- The role of AI in the infrastructure & energy sector

Europe Events

50+ events scheduled for 2025

CONT. EUROPE, TURKEY & NORDICS

3 Nov Brussels | Belgium PPP Market Outlook 2025
5 Nov Stockholm | Financing the Nordic Energy Future
20 Nov Frankfurt | Hydrogen Market in Germany
25 Nov Warsaw | Investments in Rail, Roads and Rolling Stock in Poland and CEE
27 Nov Amsterdam | Decarbonising the Maritime Sector
5 Feb Brussels | Defence
5 Mar Amsterdam | Women in Energy Event
31 Mar Brussels | Data Centres

UK & IRELAND

12 Nov Edinburgh | Technology and AI in infrastructure: Public and Private Perspectives
3 Dec London | Executive Breakfast Roundtable with Jon Loveday, Director of Infrastructure, NISTA
13 Jan London | Investment Outlook 2026
4 Feb London | UK Infrastructure: The Next Chapter with Becky Wood, CEO NISTA and Daniel Earle, HM Treasury

 IPFA

Knowledge Hub

Your home for thought leadership. Stream on-demand.

Interviews, podcasts, reports, case studies, on-demand webinars, and more.

New content added weekly.

Share your thought leadership with our global community [here](#)

Available to Full, Public, Local and Solo members

The Energy Transition Network & Special Interest Groups

Available to Full, Public & Solo members

- Collaborative platform to connect and engage with our global community.
- Opportunities to suggest and initiate, as well as lead a Special Interest Group.

Bringing together our international community on shared areas of interest, offering ongoing discussion and collaboration with documented outcomes.

Keep a pulse on the energy market, discussing new developments and best practice globally.

The Network produces reports and research via associated Special Interest Groups, with the purpose of sharing thought leadership from key leaders in our industry to drive the conversation.

Bi-monthly virtual group meetings, covering topics such as Hydrogen, Battery Market Attractiveness, and Financing the Energy Transition.

INFRASTRUCTURE HOTSPOTS

IPFA

Our brand-new podcast interviews key infrastructure investors, exploring the latest industry developments and trends, in a diverse range of global markets.

EP 1. ACROSS CONTINENTS
EP 2. THE NORDICS
EP 3. CENTRAL ASIA
EP 4. INDIA

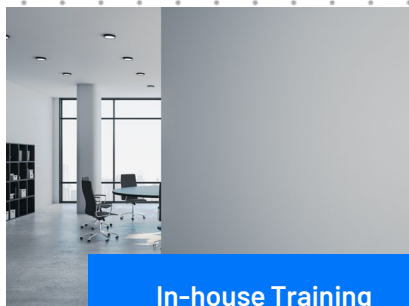

Learning & Development

Practical training, development and networking for different stages of your career, delivered by practitioners for practitioners.

IPFA Learning offers a wide selection of training courses to members and non-members, available worldwide.

- Discounted member rates
- Browse upcoming course dates at ipfa.org/learning
- Request a quote for your team's L&D needs or in-house training at learning@ipfa.org
- Recognised CPD accreditation

In-house Training

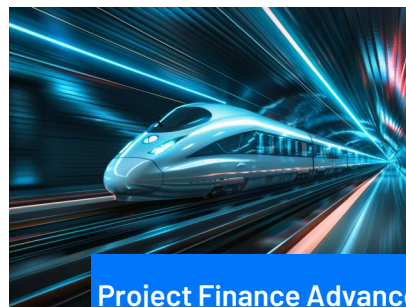

Asset Management for Project Finance

Masterclass in Infrastructure Investment & Finance

Implementing Sustainability for Infra & Energy Practitioners

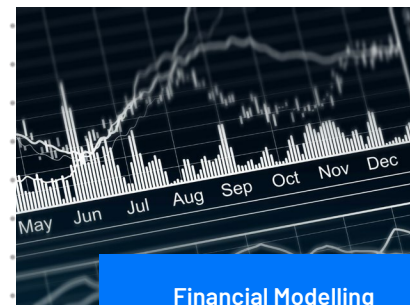

Project Finance Advanced

Project Finance Fundamentals

Understanding Project Finance, PPPs & Private Financing

Financial Modelling

The IPFA logo consists of the letters 'IPFA' in a bold, sans-serif font, enclosed within a white, horizontally-oriented oval shape. The background of the entire graphic is a high-contrast, black and white photograph of a complex steel structural framework, likely part of a bridge or industrial building, with various beams and girders creating a geometric pattern.
