

IPFA

The power of connection to create success

IPFA Membership 2026

IPFA

Our global community

IPFA is the global network for infrastructure and energy professionals worldwide.

We are independent, non-profit, and here to support and connect a growing community that's passionate about financing infrastructure and energy projects.

Our diverse membership includes the industry's leading investors, lenders, advisors, developers, sponsors and government institutions. From senior leaders through to the next generation starting out, no other platform has the network or ability to enable connections the way we do.

20,000+ Connected professionals

2,000+ Future Leaders

600+ Member organisations

200+ Senior industry volunteers

20+ Regional networks

What's happening in 2026?

Navigating the next era of infrastructure & energy

As an IPFA member, you are connected to a global network of over 600 organisations and 20,000+ professionals, a vibrant community that offers exclusive insights, collaboration opportunities, and a platform to help shape the industry's future.

In 2026, we will explore the full breadth of infrastructure and energy investment, examining how the energy transition, rapid digitalisation, and evolving geopolitical landscape are reshaping investment priorities.

Members will benefit from enhanced IPFA platforms, including an upgraded Knowledge Hub with streamlined access, expanded Special Interest Groups, increased event locations and training opportunities, and a growing Future Leaders Network offering essential resources for career development - making it easier than ever to connect, learn, and lead.

We look forward to engaging with you in 2026.

Daisy Brooker
CEO

connect@ipfa.org

Key global themes shaping our activities

- »»» **Pacing Decarbonisation**
Closing tech gaps; scaling renewables; energy security; policy shifts; delivering a just transition.
- »»» **Investor Evolution**
Evolving funding and financing models; higher risk appetite; rise of core plus and value-add infrastructure.
- »»» **Digital Transformation**
AI's application to unlock value; shaping regulation; blending tech and infrastructure.
- »»» **Redefining Infrastructure**
A system approach to financing complex projects; connecting digital growth with water and energy demands; infra-real estate convergence.
- »»» **Revitalising Partnership Models**
Lessons learnt; re-emergence of social infrastructure; opportunities in defence; delivering the next generation of megaprojects.

How IPFA can enable your business goals

Capacity building

Industry connections

- Unrivalled networking
- Connections to a global community of 600+ public and private organisations
- Gain unique insights and build competitive advantage

Business growth

- Share thought leadership across renowned platforms
- Showcase your expertise to a global audience
- Increase brand elevation & name-recognition

Industry influence

- Influence the future of our industry
- Be a leading voice for collaboration, solutions and innovation
- Volunteer your expertise to steer the direction of IPFA

About our activities...

Regional events

We organise an annual programme of over 100 events across our global IPFA regions, helping you connect with your local community and stay up to date with the latest industry developments.

A variety of formats - including keynote presentations, panel discussions, roundtables, lunch and learn sessions, social activities, and networking receptions - offer unrivalled networking opportunities for professionals at all levels, from analyst to CEO.

You can further expand your network by requesting a facilitated introduction with any of our 20,000+ global contacts.

[Browse events](#)

How do we ensure IPFA events are on topic?

We work with a diverse group of 100+ industry professionals across 15 regional Branch Councils.

Volunteering their time and expertise, these councils help to shape and deliver our programmes worldwide, ensuring every event is relevant, timely, and aligned with our goal of advancing the industry together.

About our activities...

Access our global network

Global Webinars

Join hundreds of delegates worldwide every month in our virtual meetings.

30 Minutes with...

Stay ahead in infrastructure and energy with 30-minute sessions delivering actionable insights from international experts.

Next in Infrastructure

Deepen your knowledge of emerging infrastructure trends, from AI to funding strategies, with practical insights and expert guidance you can apply beyond your day-to-day work.

[Browse webinars](#)

Special Interest Groups

Member-led virtual communities where professionals worldwide share insights, discuss trends, and create outputs that shape the infrastructure and energy sectors.

Why get involved?

- International knowledge exchange with global experts.
- Explore emerging topics like AI, blended finance, and energy transition.
- Expand your network: Connect with like-minded professionals globally.
- Make an impact: Contribute to practical outputs that influence the industry.

[See groups](#)

Knowledge Hub

Your go-to resource for industry insights and thought leadership.

Explore a comprehensive library of exclusive content, including interviews, podcasts, reports, case studies, on-demand webinars, and more – with new material added weekly. You will also gain access to the latest insights from our Energy Transition Network.

Stay informed, gain expert advice, and share your own thought leadership with our global community.

What our members say

"IPFA is one of the best networking / industry forums in the market!"

"I really appreciate the convenient platforms to easily network and share views and experience with so many professionals from different fields, seniority levels, and geographies."

"A truly inclusive association where you are always welcome to contribute."

"Connecting early career professionals with decision makers offers a broader perspective on what's happening in industry and provides a mentorship within the sector."

"Always talking about topical issues, good quality events."
