

The image features a modern office setting with large windows overlooking a city skyline. In the foreground, a group of business professionals is seated around a table, engaged in a meeting. A man in a suit stands on the right, possibly presenting. The background is slightly blurred, emphasizing the people in the foreground. The overall tone is professional and collaborative.

Learning

In-House Learning & Development

Access the most comprehensive and relevant training programmes, at a location & time convenient to your team.

Your L&D Partner

Welcome to IPFA In-House Learning!

For over a decade, IPFA Learning has been empowering infrastructure & energy professionals through industry-leading training. We offer access to the most comprehensive, relevant, practitioner-led courses, at a time and location that's convenient for you. In-house programmes are tailored to address the unique challenges of your business, equipping your team with the essential knowledge and skills to thrive at every stage of their career.

A unique learning journey.

All our courses are designed and delivered by experienced practitioners who have negotiated successful projects. We invite guest speakers to present relevant case studies from real-life projects they have worked on, providing you with first-hand insights and practical guidance into the fundamentals of infrastructure and energy financing.

We look forward to partnering with you.

Learning

Why choose us?

Your trusted partner

IPFA has a 25+ year heritage, and 10+ years' experience in delivering CPD accredited training globally.

Breadth of subject matter expertise

As the only global cross-sector infrastructure network, our community houses top-tier industry experts who we collaborate with to curate a range of programmes that can be tailored to address the unique challenges of your business, with content relevant to specific regions and markets.

Interactive learning experience

Our engaging training approach incorporates real-world projects to illustrate key concepts, creating a dynamic learning environment that fosters discussions, peer collaboration, and hands-on activities.

Flexible learning

Available to both members and non-members worldwide, customised in-house packages can be delivered either virtually or in-person at your chosen location.

Cost-effective solutions

Our non-profit status enables us to offer high value learning at a lower cost. We also offer member discounted rates.
